

EGI call for COVID-19 research projects

Fast track call application form

Project details

| | |
|-----------------------|--|
| <i>Project name</i> | |
| <i>Research field</i> | |

Principal investigator

| | |
|-------------------------------|--|
| <i>Full name (in English)</i> | |
| <i>Position</i> | |
| <i>Affiliation</i> | |
| <i>Department</i> | |
| <i>E-mail address</i> | |

Additional contact (optional)

| | |
|-------------------------------|--|
| <i>Full name (in English)</i> | |
| <i>Role in the project</i> | |
| <i>Affiliation</i> | |
| <i>Department</i> | |
| <i>E-mail address</i> | |

Scientific goals and objectives

Describe how your proposal will contribute to the COVID-19 research, in particular the goals, expected outcomes, research methodology and expected impact. (max. one page)

Requested services and support

Indicate what services (e.g. IaaS cloud, High Throughput Computing, Notebook interface etc.) and support are necessary for your project to accelerate.

Applications and data sets

Provide information on the applications and datasets that you wish to use, and whether you expect EGI to make these available on our infrastructure, or whether you will have access to those elements yourself.

Expected timeline

Provide a brief timeline of the project.

Additional requirements

State whether you need any other requirements to successfully conduct your project.
